

The Masterpiece Art Program Mission: *To provide opportunities for elementary school children to become familiar with the work of local, national and international artists through monthly class presentations and art projects.*

To the Principal and/or PTO:

The Masterpiece Art Board of Directors would like to invite you back for another exciting year. While we continue to thrive in 17 of the elementary and middle schools in Flagstaff we also look forward to broadening the program to a few more. Being endorsed and approved by the Flagstaff Community Foundation and the F.U.S.D. curriculum council, gives us scope and reason to look beyond our boundaries and create an ideal situation for all those involved.

The Masterpiece Art Program's purpose is to empower children to be creative and inspire a lifelong love for the arts. With the generosity of our school coordinators and parent volunteers we are able to provide this gift. In doing so, it is necessary to provide additional in-depth information and training for both. It is the goal of Masterpiece Art to have a parent commitment in each classroom and to provide at least 3 art lessons throughout the school year. Along with trainings, we have increased the quality and quantity of our print and packet supply and are providing supplies such as tempera and watercolor paint, paint brushes, oil and chalk pastels and watercolor paper for each of the schools. We anticipate that with an increase in participation we will need to increase our inventory in the years to come.

Thank you again for supporting the Masterpiece Art Program. If you have any questions, don't hesitate to call me at 526-1388 or your School Coordinator.

Best regards,

Gretchen Knudson Gee
Masterpiece Art Board President
